## Britain Refuses To Obey Rising Clamor

UNITED NATIONS, N. Y., Nov. 23 (AP)—Britain refused today to obey a rising clamor from the United States, Soviet Union, Latin America, Asia and Africa for British, French and Israeli forces to withdraw now from Egypt.

Instead, British Foreign Secretary Selwyn Lloyd told the U. N. Assembly in firm tones that Britain will maintain her forces at Port Said in the Suez Canal zone until London feels the U. N. peace patrol can carry out effectively the tasks assigned to it.

Lloyd teamed with British commanders in Egypt in saying one battalion of British troops was being ordered out almost immediately as a token act of faith in the U. N. The British-French commander in Egypt, Gen. Sir Charles Keightley, said the withdrawal there will be "related to the United Nations buildup—as fast as the U. N. troops arrive the British and French will get out."

Lloyd spoke here as the Assembly once more suspended its discussion of general world problems to concentrate on the Middle East. Secretary General Dag Hammarskjöld urged that broad authority to use the police force now being deployed in Egypt and a number of delegations are dissatisfied at the slow pace of British, French and Israeli withdrawal.

**Charge**  
Soviet Foreign Minister Dmitri Shepilov angrily charged that Lloyd was putting up conditions and said the U. N. must take action to put an end to what he called the British "stalling."

He threw his support behind a resolution introduced by 21 Asian-African nations calling on Britain, France and Israel to withdraw immediately.

This resolution also has the full backing of the United States, which has been urging the invaders to pull out.

The Assembly adjourned at 6:09 p.m. without a vote on the resolution. The debate will go on tomorrow at 10:30 a.m.

The United States has given, and is still giving its full backing to demands for Britain, France and Israel to leave Egypt immediately. But authoritative sources said tonight the United States might abstain in the vote on the Asian-African resolution. These sources said the United States sees not much gain in putting through another resolution demanding withdrawal.

**No Function**  
After the British and French have withdrawn from the Suez Canal area, Shepilov said, the U. N. forces will have no functions there and should join the U. N. detachments which by that time should be stationed along the armistice lines between Israel and Egypt.

Egypt's foreign minister, Mahmoud Fawzi, said his country's sovereignty still is being flagrantly infringed while Britain, France and Israel ignore the Assembly recommendations.

He said the continued presence of the troops is holding up important matters, like clearing the Suez Canal.

"The invading forces must withdraw immediately," he said. "And by immediately I do mean in a matter of a very few days, just as they came in a matter of a very few days."

## Langer Speaks In Behalf Of Hungarians

WASHINGTON, Nov. 23 (AP)—Sen. Langer (R-ND) said today he hopes President Eisenhower will open the doors to more than the 5,000 Hungarian refugees now authorized to enter this country.

Langer, chairman of the Senate Refugees, Escapees and Expellees subcommittee, indicated he was thinking in terms of at least 25,000 refugees.

Rep. Walter (D-Pa.), coauthor of the McCarran-Walter Immigration Act, said in Vienna Tuesday he understood that as many as 17,000 Hungarians could be legally admitted into the United States. He added that in his view "they should be."

Discussing the question with reporters Wednesday, James C. Hagerty, White House press secretary, said there has been a possibility all along that more than 5,000 might be admitted. "But for the present time, the President has said up to 5,000," Hagerty stated.

## Representative Dies

CHESTER, Nov. 23 (AP)—Stanley Figlock, who served as a state representative from Luzerne County in the 1943-44 session of the Pennsylvania House of Representatives, died today at Crozer Hospital. He was 56.

## Pravda Blasts Tito's Actions

MOSCOW, Nov. 23 (AP)—Pravda today accused Yugoslav President Tito of attempting to pose as a model for other Communist countries. It challenged his right to do so as long as he receives aid from "imperialist" countries.

The Communist party newspaper took up nearly half of its six pages with a sharp editorial reply to Tito's speech of Nov. 11 blaming Stalinists inside and outside the Soviet Union for the Hungarian revolt.

## 287 More Hungarians Arrive In U.S.

CAMP KILMER, N.J., Nov. 23 (AP)—More Hungarian refugees, 287 strong, flowed into America today in quest of peace and security in the land of plenty.

Even as they came, a lifeline provided by religious agencies already had led others out of "Camp Mercy" here and started them for new homes and jobs.

Still more refugees were winging their way here as a part of the massive move to bring 5,000—perhaps more—to this country.

Two planeloads of Hungarians arrived at McGuire Air Force Base during the day. A third group met a warm greeting in Milwaukee's Billy Mitchell Airport.

**Fourth Plane**  
A fourth plane bearing 74 more refugees landed at McGuire shortly before 7 p.m. tonight. Aboard were 34 males and 40 females including 22 children.

They immediately boarded buses for Camp Kilmer.

Two more planeloads are expected tomorrow at McGuire. Almost all of the first group of 60 that arrived Wednesday already had left this camp, reactivated especially to care for the Hungarians. Most had gone to new homes with American families.

Today's first plane, a Trans-American DC4, brought 35 men, 25 women, 11 children and 4 babies into McGuire at 2:47 a.m.

Tired and sleepy, they struggled through the cold to Army buses and were brought here for processing.

Less than 12 hours later, at 2 p.m., another DC4 arrived at McGuire with 65 persons—57 men, 6 women and 2 children.

The National Catholic Welfare Council sponsored 48 persons aboard, the Church World Service 17.

## Pullman Raises Rates

CHICAGO, Nov. 23 (AP)—The Pullman Co. announced today it plans to raise its rate seven per cent Jan. 1 because of higher labor costs.

Schedules of proposed increases in sleeping car fares for intrastate and interstate travel will be filed with the Interstate Commerce Commission and its state counterparts next week.

Carroll R. Harding, president, said, "Pullman must grant to its employees the same pattern of wage and health and welfare benefits obtained by employers of the railroad industry in the recently negotiated wage settlements."

## Calls For Leadership

LONDON, Nov. 23 (AP)—Hugh Galskell, leader of the British Labor party, called on the United States tonight to take the lead in bringing about a genuine peace treaty between Israel and the Arab countries.

## Mollet Calls On Bulganin For Peace

PARIS, Nov. 23 (AP)—Premier Guy Mollet called on Soviet Premier Nikolai Bulganin today to obey U. N. resolutions on Hungary. These called for withdrawal of Russian troops and admission of neutral observers to that revolted land.

In a curt personal note, Mollet also laid responsibility for the Suez crisis on Egypt and accused Bulganin of interfering in France's troubles with Algeria.

The French Premier used only about 200 words to send a diplomatic rebuff to Bulganin's letter of Nov. 15. In that note, Bulganin called on Britain and France to pay compensation to Egypt and said the U. N. international police force should be stationed along the Israeli-Arab frontiers instead of in the Suez Canal area.

Mollet replied that Bulganin's proposals would simply make the U. N. task more difficult.

**Views**  
Mollet used only one paragraph to express his views on Hungary. He said:

"No argument, in our eyes, could justify the military intervention of the U. S. S. R. in Hungary. The resolutions of the United Nations on this subject are clear and I hope that you will finally follow them."

As for Egypt, Mollet said: "In my message of the Sixth of November, I have already explained to you the French government's point of view on settling the current crisis in the Middle East. Since that date, my government feels it has done all in its power to avoid an aggravation of the situation and to facilitate the solution of this crisis, for which the responsibility essentially falls on the present government of Egypt, encouraged by support of all sorts which it has received."

Mollet then told Bulganin, "The demands made in your letter of 15th of November are difficult to reconcile with the resolutions of the General Assembly of the United Nations and can only have the effect of rendering the delicate task of organization more difficult."

He said he was astonished that Bulganin sought to interfere in France's internal affairs by referring "in inadmissible terms" to French action in Algeria.

**Making Use**  
"Yugoslavia, in the course of the last few years has been making use of the sharpened relations between the imperialist and socialist blocs to improve its own economic situation."

"Not all countries in the socialist camp can depend on such aid. They cannot build their policies on the basis of assistance from the imperialists."

In his speech Tito said it had been a "fatal error" to use Soviet troops in Hungary when demonstrations there first broke out. Pravda promised that "when the situation in Hungary returns to normal, and the Hungarian government thinks that troops are no longer needed, the Soviet government for its part will not in any case insist that the troops remain there."

But it said Tito's blaming the intervention on Stalinism was at fault because Stalinism was now a dead issue among Communist countries.

"Our party and other Communist parties defend and are defending only the principles of Marxism and Leninism," it said. Pravda said Tito's address had "brought happiness and satisfaction" among enemies of the Communist bloc who were drawing the conclusion that it meant a serious difference between Moscow and Belgrade."

**No Damage**  
No one was hurt in the fight, and Balint admitted afterward that none of his punches connected with the rock 'n' roll idol of teen-agers.

Elvis said Balint had lunged at him while he sat at a table with his manager and a group of musicians with whom he is making a personal appearance tour.

The department said 66 of the 67 counties collected a total of \$88,908,083 from all sources, including taxes, license, fines, interest and rents.

## Negotiations Collapse In Waterfront Strike

WASHINGTON, Nov. 23 (AP)—A last-ditch move to settle the Atlantic and Gulf Coast waterfront strike collapsed today and the government planned to apply tomorrow for a strike-stopping court injunction.

The striking International Longshoremen's Assn. (Ind.) promised in advance to obey such a court order. A return to work on the docks Monday was indicated.

A presidential inquiry board worked tonight to finish a report on the strike issues and planned to file it at the White House tomorrow morning.

This is required before President Eisenhower, acting under the Taft-Hartley law's national emergency procedures, can order the Justice Department to move into court for an 80-day injunction against continuing the walkout.

**Eight Days**  
The eight-day strike has paralyzed East and Gulf ports, tied up an estimated 200 ships and idled 60,000 dockworkers.

Director Joseph F. Finnegan of the Federal Mediation Service arranged during the day for representatives of the New York Shipping Assn. and the union to meet with him in a final effort for a strike settlement short of an injunction.

But this plan collapsed when management representatives decided against attending. Finnegan said the employer group saw "no useful purpose" in the meeting.

It was indicated the New York employers felt it inevitable the union's demand for a coastwise bargaining unit, something the employers have been steadily resisting, would come up at any such meeting and so decided to stay away.

The IILA is under a federal court restraining order, issued in New York Wednesday, against insisting on a broader bargaining unit than the New York Harbor area.

**First Step**  
It was assumed all persons who took refuge in the embassy have been shipped to Romania, which may well be only the first step to banishment to the Soviet Union.

There was some speculation that Embassy here from the time they left the Yugoslav asylum until they were sent to Romania.

It was apparent that if members of the Nagy party had been given any choice about their place of exile they would have chosen Yugoslavia, whose independent Communist policies conform more closely to their own views.

In Belgrade, the official Yugoslav Communist party paper Borchia said Soviet officials abducted Nagy and his party after they left the Yugoslav Embassy in Budapest. The Yugoslav version said: "The Hungarians left by bus after thanking the Yugoslavs for asylum. The bus was overtaken by two carloads of Soviet security officials and escorted to Soviet headquarters on Gorky Blvd. Two Yugoslav Embassy officials in the bus protested and were put out on the street before the Soviet headquarters. Two armored cars replaced the security automobiles and the bus with the Nagy party was driven off to an unknown destination."

(In Moscow, the official Soviet news agency Tass, distributed two reports late Friday under Budapest dateline: 1. Nagy and his companions in the Yugoslav Embassy asked and obtained permission to leave the country, and departed Thursday for an unknown destination. 2. The Nagy party arrived in Romania.)

**Stomach**  
Police headquarters said the dead Russian was shot in the stomach when he tried to break away while being escorted to an Austrian customs house.

The official account of the shooting said Austrian customs men covered the two Russians with their guns after they invaded Austrian territory.

The Russians, surprised at facing armed men, halted, then leveled their own guns at the Austrians. The Austrians and Russians thus faced each other at a distance of about 50 yards for about 10 minutes until a regular Austrian police patrol rushed up.

The Russians made no protest, the official report said, but when they were being marched to the customs house one made a dash for the Hungarian border. A policeman fired at him and he fell wounded. He died later in a hospital at Oberwarth.

**Dummies Scare Police Force**  
NEW YORK, Nov. 23 (AP)—Police got a fright today when they found a dozen bodies sprawled on the street and sidewalk following a gas explosion in a woman's store.

The bodies, however, turned out to be dummies for clothing displays in the windows. Two store employees received slight injuries from the blast, believed caused by a gas leak.

**Police Kill**  
AUSTRO-HUNGARIAN FRONTIER, Nov. 23 (AP)—Austrian police killed a Soviet soldier and captured another tonight. It was the first clash along the frontier since thousands of Hungarian refugees began escaping from the ruins of their collapsed revolution.

An Austrian police announcement said the fatal shooting took place 400 yards inside Austrian territory while the Russians were chasing refugees. The scene was Rech Nitz, in Austria's easternmost province of Burgenland, when a two-man Austrian customs patrol halted the Russians.

# Of Such is the Kingdom of God

Some people argue that the words of Christ imply that God's Kingdom belongs to children and not to adults. Indeed, there are some families whose worship habits suggest as much. The youngsters are bundled off to Sunday School; and the grown-ups stay home.

But Biblical scholars have long agreed that Christ's words point to the attitude, not the age, which is the mark of God's Kingdom.

The implicit faith, the humble acceptance, the eager yearning with which children approach Christ's teaching — these are the qualities which belong to God's Kingdom.

Perhaps we are foolishly infatuated with the notion that our children should follow in our footsteps. If we start them in the right direction, the direction of the Church, we may gain much more by following in theirs.

U.S. Bureau Of Public Roads Promises Shortway Decision In Reasonable Time

Governor Leader's administration has reiterated its unqualified support for construction of the Keystone Shortway between Stroudsburg and Sharn.

Moreover, Deputy Highways Secretary George Richards has gone a step further by declaring the proposed cross-state superhighway would get "just about No. 1 priority" in state plans if federal authorities approve the route.

He made the statement in Washington this week when he and other Shortway backers appeared before the U. S. Bureau of Public Roads to present their arguments on behalf of the proposal.

If approved by the federal bureau under a recent provision for a 35 billion dollar interstate highway program, the cost would be financed by 90 per cent federal funds and 10 per cent state funds.

Besides pointing out the benefits that would be derived by the north-central section of the state should the limited-access roadway be built, Shortway proponents sought to knock down some of the arguments against its construction which other sources had presented.

General Richards insisted, for example, that the Shortway would not cut harshly into the toll revenue of the Pennsylvania Turnpike and would not seriously affect the volume of traffic now moving over Route 6 in the northern part of the state.

Opposition to building the 350-mile long Shortway has been expressed along both Route 6 and the turnpike.

Shortway Chairman Z. H. Confair told the bureau the proposed Central Pennsylvania highway would eliminate a bottleneck now strangling traffic and transport between 40 million persons in 10 Northeastern states and 36 million in seven Midwestern states.

He pointed out the state's east-west travel is now pretty well limited to one railroad line and one highway (the turnpike). Both, he said, are in Southern Pennsylvania. The

Shortway, he continued, would reduce truck and auto mileage between New York and Chicago by 75 and 100 miles besides providing a new east-west highway.

Other major arguments were presented by Shortway supporters. The bureau, described as visibly impressed, said a decision on whether the Shortway or Route 6 will be chosen for inclusion in the interstate system will be made "within a reasonable time," after a study of facts submitted at two hearings.

After reading briefs of the arguments presented by both Route 6 and Shortway backers, we feel confident that the facts weigh heavily in favor of the Stroudsburg-Sharon roadway. The thousands of people who feel the Shortway will prove a great boon to North-Central Pennsylvania are hopeful such is the case.

Quarrels In Texas

It is a pretty safe prediction that factional quarrels in Texas will highlight the American political scene during the next two years.

When President Eisenhower carried the Democratic Lone Star state on November 6 by a whopping 200,000 votes—expanding his 1952 margin of 141,000—he sowed the seeds of future trouble within the ranks of Texas Democracy. His victory will be particularly hard on the future of U.S. Senator Lyndon Johnson, Senate majority leader.

Johnson and House Speaker Sam Rayburn lined up the Texas organization for Adlai Stevenson, virtually reading former Governor Allan Shivers out of the party. But it is Shivers who is credited with carrying the state for Ike.

It appears certain, therefore, that Shivers will figure in the state's next battle for the Senate seat of Governor-elect Price Daniels. So look for a lot of political maneuvering, as well as quarreling, in Texas as a result of the inroads made by President Eisenhower.

Freedom's Drama Calls For All For An Answer

The ponderous allegory is in Act Three. We don't enjoy the play, didn't write it, didn't sponsor it, didn't ask for tickets. We would have preferred to stay home, forget the teeming stage filled with conflict, pretend we are not involved.

But the play is called Freedom. We are not spectators, for there are none. Our role is not a "walk-on" but a starring one. (Who cries? "In the name of liberty," they call, "help us... help us... Our ship is sinking, the light vanishes, the shadows grow darker from hour to hour. Listen to our cry. Extend to us the hands of brotherhood. God be with you and with us. Help... help... help.")

The story began long ago. It has been a bloody, bitter one. Act Three began in 1945, with the murderous tyrant moving slyly and skillfully among nations of the world. First as a friend, then not quite a friend. Grasping, stolid, shifty and cruel—calling nothing by its right name, crushing all obstacles, hogging the center of the stage by any expedient means.

These cries grow quiet now... From Hungary stream thousands of children, alone, placards hung about their necks asking for protection from any who love freedom. From Poland, Austria, Czechoslovakia come rumors of hope from those who cannot forget the heart of this matter—freedom. They must have moral support, they must see "brotherly hands" extended. They have heard of the free world's devotion to liberty, to freedom. They wonder if their screams will be heard in time for the free world to help them.

We are not yet sure of our role, afraid to speak out from the wings of the earth's stage. There was no dress rehearsal, no script—how do we know what should be done, and when? If we make the wrong move, how will that affect the play's ending?

"Where is my Fatherland?" the distant voices cry. "Where is our freedom?" In many languages on the great stage this cry is heard. As yet, there is no answer in any tongue. But there will be, there will be. Act Three has begun. The curtains have been drawn back. The principals are on stage now, and the play must come to a close. Wherever we are, we will be part of its drama. Wherever we are, we will be haunted by the cries of lost people, and each of us will answer them according to his own fashion.

Robert S. Allen Reports

Biparty Congress Leaders To Meet With Eisenhower

Washington, Nov. 23 — President Eisenhower is convening another conference with the bipartisan leaders of Congress.

This as yet unannounced White House meeting is set for Dec. 14.

In addition to party floor chiefs, the President is also inviting the key members of the Senate and House Appropriations, Armed Services and Foreign Relations Committees.

This extensive attendance is to enable the President to discuss his 1957 military budget as it relates to the critical foreign situation.

Preparations for this conference are being made by White House assistant Bryce Harlow. He is telephoning and cabling the congressional leaders asking their attendance on Dec. 14.

Significance is attached to the fact that the White House meeting will take place several days prior to the scheduled Dec. 16 arrival of Premier Nehru for a four-day stay in Washington. It is authoritatively understood the Indian leader will have the opportunity to meet and talk with top congressional officials.

Roody-Trapped Peace — There is a sinister background to that six-week good will junket being made by Premier Chou En-lai through Asia.

While the Red Chinese Premier is talking peace and trade during this tour of North Vietnam, Cambodia, India, Pakistan, Nepal, Afghanistan and Burma, his military forces are continuing their steady build-up of powerful offensive capabilities against the Nationalists' Quemoy and Matsu Islands.

A detailed report to the Joint Chiefs of Staff states the Reds have virtually "attained full war potential in the Fukien Province."

Following are publishable highlights of this ominous military development:

The Peiping regime now has three airborne divisions in the Quemoy-Matsu area, bringing the estimated total troop strength there to more than 250,000.

Upwards of 500 MIG-15s, MIG-17s and IL-28 jet fighters and bombers are now stationed, on a number of newly-built airfields, within quick striking distance of the Nationalists' offshore strongholds.

Approximately 600 rocket launching sites are being constructed within range of Quemoy and Matsu Islands.

All of Red China's weapons are either Russian or Czechoslovakian. In some instances, tanks and other armored equipment, MIG fighters and naval vessels, are being assembled by the Communist Chinese. They get the parts from the Soviet and put them together themselves.

In addition, the Russians are supervising the construction of four snorkel submarines at shipyards near Shanghai. They

are scheduled for completion next year.

Four Soviet destroyers and a large number of landing craft also are being assembled in these yards.

These preparations have greatly alarmed the Nationalists. They strongly favor bombing the Reds' shipyards. But that's barred by the U. S. under President Eisenhower's directive limiting the Nationalists strictly to defense against Communist attacks.

The Joint Chiefs' report estimates Red China's ground forces now consist of 35 armies of three divisions each.

These divisions have a strength of around 17,000, approximately double what they used to be. Nine of these divisions are armored, equipped with light and medium Russian tanks, and ten or more are artillery divisions. All the divisions have been considerably streamlined with special emphasis on increasing their mobility and fire power.

The Red Chinese airforce now consists of some 2,500 planes, of which about 60 percent are jets. All fuel for the latter comes from Russia.

Russia's military aid to Red China is calculated at well over \$250,000,000 a year. The Soviet also has around 5,000 officers, technicians and other instructors with the Chinese forces.

The Joint Chiefs study warns that Red China now has the "capability of taking Quemoy and Matsu if the U. S. does not intervene."

That decision would be made by the President.

He has told congressional leaders he will consult them before acting.

Dulles' Job for George — Close friends of Sen. Walter George (D., Ga.) are excitedly talking about a spectacular new job for him.

These friends of the retiring chairman of the Senate Foreign Relations Committee are very carefully making it clear that he has not been offered this prize cabinet portfolio. Also, they make no claim to knowing when ailing Secretary Dulles will depart.

But they are positive that Senator George is high among those whom President Eisenhower already is weighing as his next Secretary of State.

Two main factors are behind this significant positiveness:

The high regard in which the Georgian is held by both the President and Dulles. Both consult him constantly; while Dulles was in the hospital, George visited him several times and they conferred repeatedly by phone. George's great influence with both Democratic and Republican leaders of Congress, particularly in the Senate where he has served 34 years.

Poland's Miseries Will Continue As Long As Nation Licks Boots Of Its Oppressor

George Sokolsky Says...

These days, we can adopt one of two courses: we can run away from the unpleasant and write on the measurements of ladies who exhibit themselves or we have to deal with the pyramiding miseries of nations which have had no real peace since the beginning of World War I.

There are, of course, those who care for neither fare and who can find amusement watching television by the hour in the semi-gloom which is the best way to see that instrument and exercising their minds by trying to beat the rap, which is what so many television plays are about.

Or else, there are the quiz programs which are enriching the accounts of the Internal Revenue Service and incidentally of a few contestants who prove that memory is still a valuable commodity despite the learned educators who no longer believe in memory.

However, it is impossible to escape Poland. World War II, which cost us so much blood and wealth and from which we have not yet recovered, was due to the assumption that war could establish that Poland was protected by treaties which were inviolable.

This proved not to be true. Both Nazi Germany and Soviet Russia, in partnership, invaded Poland and that started World War II. The treaties were violated and in due course, one of the violators.

Soviet Russia, became our ally. Since then, Poland has become a flit of Soviet Russia and has been treated with unbelievable brutality.

The head of Poland today is Wladyslaw Gomulka, who recently had this to say:

"In the course of past years a great deal of evil has accumulated in Poland's life, much wickedness and painful disappointments. The ideals of socialism, imbued with the spirit of the freedom of man and respect for civil rights, have in practice been greatly distorted. Reality did not bear out the words. The heavy toll of the working class and of the entire nation did not yield us the expected fruits."

Gomulka's disappointment is sad, indeed. But he does not attribute it to the correct cause which is the conquest of his country by the Kremlin, the colonialism of Soviet Russia, the reduction of the Poles to Slavery. This he dare not say lest the Russians do to him what they did to the Hungarian Nagy, who is said to be in hiding in the Yugoslav Embassy in Budapest.

But from his speech it is clear that Poland is in a bad way. For instance, Gomulka said:

"... We approach our class, the working class, the intelligentsia, the peasants with full confidence. We tell them that we have mighty production forces, built by the great effort of working people in the course of the past years. But these are not yet being fully exploited. We have considerable resources in our national economy, in thousands of factories and mines, in industry and agriculture."

The Once Over

—by H. I. Phillips

(Lines occasioned by a consideration of the 1957 model.)

I am the American motor car, marking in a new season another stride in the amazing journey from the covered wagon, creaking slowly across the continent, to the noiseless, fast, glamorous, futuristic vehicle of land transportation in human history, reducing distances as if by magic wand.

I am the glowing symbol of dazzling engineering, fine craftsmanship and excellence of performance found in the good of man.

I make Aladdin seem a small-time magician. The dancing rooms in which I am conceived and the teeming factories in which I am born make his lamp seem like a candle flickering feebly in a gusty alley.

I represent "farthest north" from the spirit of "Anything is good enough if it does the job" and the belief beauty doesn't count much in a major task.

My creators are one with Merle and Callostra.

I am the work of men who accomplish wonders without angels, scarabs or phillies.

Nothing about me is second rate.

I hear none of my builders say, "It will do for now" or "Let's leave well enough alone."

I represent magnificence, dependability and service.

I combine style with ruggedness.

I have opened to man new vistas, new wonderlands, new sources of happiness and relaxation.

I have made the magic carpet an also-ran.

I bring together families heretofore parted beyond dreams of reunion.

I make the family "get-together" an easy reality regardless of distances or barriers.

I have changed the lives of men, women and children, establishing new patterns for happiness and joy.

I have opened to kids a Never-Never Land once understandable to them only through Mother Goose, Alice in Wonderland and Peter Pan.

I have removed from language "It's too far away." "There's no use thinking of a trip like that," and "How could we make it?"

culture, which to a great degree are still being squandered through bad and wasteful economy."

There it is: "bad and wasteful" economy under socialism and that is not what was expected because it has been assumed by the followers of Marx that a worker's paradise would be produced by the economic program has not worked for any of the colonial satellites who have become sources of supply, areas for exploitation, scenes of oppression and torture of the intellectuals and religious. Men do not work well when they are oppressed; the mind does not produce when it exists in the shadow of fear.

In spite of the Kremlin's pursuit of colonialism, Gomulka said in this speech:

"... We firmly believe that the friendship between Poland and the Soviet Union, based on such Leninist principles, will be a truly fraternal friendship, springing from the heart of the nation and not only from the official policy of the Party and Government. I can assure you that these principles are meeting with ever-increasing understanding and that these principles are shared both by our Party and the Communist Party of the Soviet Union."

Maoism is ugly wherever it appears. National Maoism is particularly monstrous and this is an apt description for the tongue that ticks the boot of its oppressor. There are those who somehow see some improvement in the condition of the satellite countries. There can be no improvement as long as quislings are available to perform the Kremlin's services.

I have brought the coasts and the borders closer together and made great mountain ranges seem nothing more formidable than views from a window in a haze. I have transformed raging rivers into things crossed to the music of a radio, the opening of a box-lunch or the laughter of kids over funnies in the back seat.

Although I am essentially a vehicle, my builders put into me the craftsmanship of a fine jeweler.

I exhilarate, cheer and refresh. I suffer from the idiot, the fool and the roadhog, but I find joy in the happiness I bring to millions who play fair.

My lot is made hard by the Mister Bigs, the V.I.P.s and the potential killers, but I am proud that their conduct is outnateched by the thoughtful, kindly considerate mass of people who appreciate me and show their gratitude the right way.

I am the Seven-league Boot on the wide screen, in color and done as a true "spectacular."

I rest on no past performance. Yesterday's accomplishments, records and satisfactions are as nothing.

Gasoline, oil, sparkplugs, motors and upholstery are not my main dependencies. I have a magic ring within me. Among my unlaid wads is a fairy wand.

# Winter Makes First Serious Invasion Of Monroe County

## Slippery Roads Make Driving Hazardous

IT'S TIME to take your overcoat out of mothballs and make sure that your car chains are still serviceable.

The mercury dipped to an uncomfortable 20 degrees by 10 last night in Stroudsburg.

Meanwhile, highway crews were called out at 3:30 p. m., and some were expected to remain on duty all night, as a light snowfall turned into ice and made driving hazardous in some sections.

At one point, there were 25 men, 10 trucks and a loader and shovel engaged in the job of clearing Monroe County roads. Highways in mountain areas, such as Mount Pocono and Tobyhanna, were said to be the most slippery.

Earlier, Weather Observer William Hagerty reported that the thermometer plunged to a low of 18 degrees early yesterday in Stroudsburg. The high for the day was 27.

Meanwhile, at Mount Pocono, Weather Observer Harry E. Greene reported a low of 15 there early yesterday.

Hermon, pastor of the Salem Evangelical United Brethren Church will be the guest speaker. Santa Claus will make his official appearance and present the children with gifts.

Execution of the ward Christmas Tree adjacent to the Heard and Sweet Meat Market was planned for Dec. 9 with Herbert Fisher and James Hamm named to the tree committee. The decorating committee is composed of Clyde Grigg, Lester Evans, Clarence Chamberlain and Jay Albert.

Named to the committee on general arrangements were: Bidwell Sweet, Earl Smith, Mrs. Delmar Moysiey, Mrs. Raymond Chamberlain and Mr. Blake.

It was announced that the plaque in honor of Max Winkler, late industrialist, who made possible the second ward playground, has been installed at the Winkler Memorial Playground. Dedication exercises were held for the playground several months ago.

## Church Group To Convene

BUCK HILL FALLS — Planning of American missionary endeavors for the next three to five years will highlight the five-day annual assembly here of the Division of Foreign Missions of the National Council of Churches, beginning Monday.

Three hundred leaders of 79 boards and agencies of some 45 Protestant denominations, who direct a \$100,000,000 evangelism and welfare program in a hundred countries, will study the implications of present developments in 20th Century overseas church work.

Taking as the general theme, "The World-Wide Mission of the Word-Wide Church," delegates will meet in ten plenary sessions plus a number of smaller groups. Chairman is the Rev. Dr. Eugene L. Smith, New York, Division chairman and a vice-president of the National Council. Discussing the theme Dr. Smith said that Christians face the necessity of rethinking the nature and purpose of the Christian mission in light of the revolutionary changes and tensions in today's world.

## Total Employment, Salaries Increase In Monroe County Compared To 1954 Figures

HARRISBURG, Nov. 23—In a review of the industrial activity of manufacturing and quarrying establishments in Monroe County in 1955, Genevieve Blatt, Secretary of Internal Affairs, noted that both total employment and total salaries and wages had increased over the levels of 1954. Miss Blatt's report was based on the production reports which manufacturing and quarrying establishments in the state are required to file each year with the Bureau of Statistics in the Department of Internal Affairs in Harrisburg. Last year, reports were received from 97 establishments; 94 in manufacturing and three quarries.

There were 2,861 male employees and 1,619 female employees in the reporting establishments in 1955. Employment

totalled 4,480 workers. In 1954, employment had been 4,366 persons—three per cent below the 1955 level. The metals and metal products industry was the source of employment of 47 per cent of the labor force in the reporting establishments, and the leather and textile products industry was the source of employment of 26 per cent of the labor force.

Male workers received \$9.5 million and female workers received \$3.7 million in wages and salaries. Total wages and salaries of \$13.2 million were received in 1955. Wages and salaries received were one per cent above the total for 1954 when \$12.1 million had been received.

The capital invested in the establishments in Monroe County was reported to \$10.9 million at

the end of 1955. At the end of 1954, invested capital had been reported to be \$10.5.

The goods produced in Monroe County during 1955 were valued at \$36.5 million. This level of production was approximately five per cent below the \$38.3 million of goods produced during 1954. The largest decrease in production occurred in the textile industry in which a large hosiery concern discontinued manufacturing activity. Approximately 59 per cent of the production in the county originated in the metals and metal products industry.

The manufacturing and quarrying activity within the county added \$21.8 million to the value placed on production, almost 60 per cent of the value placed on the production that had been created in Monroe County.

## Two Youngsters Hurt When Accidentally Struck By Auto

TWO YOUNGSTERS were injured Wednesday when they were accidentally struck by a car in front of 1118 Greenway Ave.

Stroudsburg Borough Police identified the children as Stanley Neisell, 4, and Betty Jo Bachman, 3, 1120 Greenway Ave. They were taken to General Hospital where Stanley, who lives off Dreher Ave., was treated for a broken ankle, and the girl was treated for bruises.

The accident occurred at 12:20 p. m. Wednesday as Mrs. Gladys L. Phillips, 39, of 1118 Greenway Ave., was attempting to make a U-turn in front of her home, police said. The woman failed to see the two youngsters playing nearby.

## Bangor To Examine All Food Handlers

BANGOR — Bangor Board of Health at its regular monthly meeting on Tuesday, with S. J. Keat, president, in charge, formally served notice on all Bangor food handlers that physical examination forms must be in the hands of the borough health officer no later than Dec. 1.

This new regulation has been established by the board of health and will affect all persons that handle foods in markets, stores, restaurants or in places where beverages are served. The time for the effective date of the regulation has been set as Dec. 1 in order that all places can be supplied with the proper forms by the health officer. Persons failing to comply with these regulations will be penalized by law, it was noted by the board of health.

**Local Law**  
It was reported at the meeting that two persons had received summons from the Board of Health in the past month and had thereafter complied with local laws. Two complaints were also received by the board that local mills were burning rags and the health officer was instructed to curtail this matter.

Health Officer Evan Owens also reported that a cesspool drain had been observed emptying water in the vicinity of S. High and Miller St., and he was authorized to take care of this matter immediately.

Routine reports were also received from Secretary John Buzard and Owens.

## Varsity 'E' Gives \$100 To Band Mothers

THE DRIVE to secure money to buy new band uniforms for East Stroudsburg Area school band gained an additional \$100 last night with a contribution from the Varsity "E" Club.

Mrs. Howard Kintner, president of the East Stroudsburg Area Band Mothers Association, said that the Varsity "E" Club had previously donated \$200 to the drive.

The new "E" Club contribution raised the drive's total to \$344.05 according to Mrs. Kintner. The Varsity "E" is an alumni organization made up of graduates of the local high school. Its purpose is to further the athletic and educational opportunities of youngsters in the area.

### Goal

The association's drive for funds has a set goal of \$4,000. As an added means of raising money for purchase of uniforms, the Band Mothers group is also selling special boxes of candy for the coming Christmas holiday.

These may be secured by calling Mrs. Clement Wiedmeyer at her home and ordering packages. Additional cash contributions will be accepted by any member of the Band Mothers Association or by designated workers.

Mrs. Kintner expressed "deep gratitude" last night to all those within the community who have taken the drive seriously and have worked to help make it a success. She pointed out that the additional money needed represents only a small part of the goal—but that the full \$4,000 is badly needed.

## Final Night For Minstrel

A LARGE crowd was on hand last night for the first showing of the Varsity "S" Minstrel Review at Stroudsburg High School Auditorium. The show, with lots of laughs and lots of music, will have its last showing tonight.

Some of the entertainers who were well received, include local "Elvis Presley," the excellent Choral Quartet, the "Little Seeds," a duet by Jean and Bob Wolbert, Lew Tyreman's vocalizing, the singing of Margie Hermans and the tap routine by Diane Yutz, a late addition to the program. Musicians for the show include pianist Ruthe Fetherman and the High School Dixie Band, led by trombonist Johnny Hiller.

The Varsity "S" Association uses all funds realized from the program to further athletics at the school. The final performance of the minstrel will be held tonight at 8:15. Tickets will be on sale at the door.

## Statements Prove Costly In Taxes

INDIVIDUALS and corporations often unwittingly talk themselves into tax liabilities through statements contradictory to those made on tax returns, members of the Lehigh Valley Chapter, National Association of Cost Accountants were told in Bethlehem recently.

Dr. Robert S. Holzman, professor of taxation at New York University, said "revenue agents watch out for such disclosures."

"For example, it is difficult for an executive to argue that his corporation has accumulated earnings for expansion purposes when the published report of the company states that no further expansion is contemplated," he said. "Also, it cannot well be argued that a bonus to an officer is a non-taxable gift, when the corporate resolutions declare that the payment was in recognition of invaluable services rendered."

Miss Frances Elaine Price, a freshman at Drew University, has been awarded a National Methodist Scholarship by the Board of Education of the Methodist Church. Miss Price is a member of East Stroudsburg Methodist Church.

National Methodist Scholarship Awards cover tuition and fees up to \$400 and are granted on the basis of superior academic standing, leadership ability, active churchmanship, character, personality and need.

About 500 such awards are given annually by the Methodist Board of Education in its nationwide scholarship program. More than 5,000 National Methodist Scholarships have been granted since the program was started in 1945.

## Holiday Dinner Served At Jail

THE SETTING MAY not have been the same—but the 10 men who sat down to Thanksgiving dinner at Monroe County Jail were enjoying nearly the same dinner you and your family ate.

Mrs. Ada Albertson, bailor, prepared a dinner which consisted of the following "courses" and side dishes:

Roast turkey hen with stuffing, giblet gravy, mashed potatoes, sweet potatoes, fresh lima beans, cabbage salad, cranberry sauce, celery, pickles, carrot sticks, pumpkin pie or mince pie, coffee, bread and butter.

Sheriff and Mrs. Jacob F. Allen also spent part of Thanksgiving Day at the jail. Mrs. Albertson said. Consensus of opinion among the prisoners, said the warden: A good meal and plenty of it. Mrs. Albertson said the men seemed to like pumpkin pie better than mince, but that was just about the only item they expressed preference for.

Thanksgiving and Christmas meals at the jail are generally "special." Extra care is taken in the preparation of the meal. Mrs. Albertson spent part of Wednesday and all morning Thursday on preparing for the larger meal this year.

## Display Advertising Copy

## DEADLINES

Advertising copy deadlines, just as news copy deadlines, are necessary . . . in fact, are imperative to the publication of a newspaper.

Enforcement of deadlines makes it possible to give readers a better newspaper, delivered on schedule. A better newspaper, promptly delivered to all sections of the trading area, means a better advertising medium.

It follows that adequate time for the proper handling of advertising copy, without interference with the mechanics of news production . . . and without jeopardizing the "on time" delivery of the newspaper . . . permits the better handling of advertising copy to work to the advantage of the advertiser in a better advertising medium.

In the interest of better serving ALL advertisers, all copy for display advertising, including CLASSIFIED DISPLAY, must meet the following deadlines:

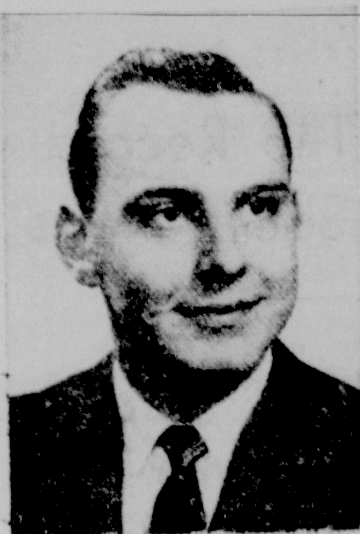

Monday Copy.....5 P.M. Friday  
Tuesday Copy.....12 Noon Saturday  
Wednesday Copy.....5 P.M. Monday  
Thursday Copy.....5 P.M. Tuesday  
Friday Copy.....5 P.M. Wednesday  
Saturday Copy.....5 P.M. Thursday

## Just Between Us

—By Bobby Westbrook

You see what I mean by the relativity of time. One day it seems too soon for Thanksgiving and two days later you feel as if you were already late for Christmas. Snow on the car tops, slippery on the sidewalks, cinders on the highways, the little Christmas trees lighted up and the town full of Christmas shoppers.

It does seem as if there should be a brief interval in there somewhere that wasn't anything special. It is also rather disconcerting to go around feeling like Monday when the next day is Saturday.

Fortunately in this topsy turvy scheme of things, the news stays pretty normal: PTA's piling away, decorated birthday cakes, and holiday engagements and weekend weddings. Normal, but not dull, because there are always variations on the theme that might become monotonous.

There's the PTA board meeting, for example, where they review the actions taken at the school board meeting that month, which sounds like a sound approach in mutual understanding.

There are the usual plans for "exchange of Christmas gifts" at December meetings. Only the price varies from year to year. This year, you may be interested in learning, the average cost is 25 cents for children, \$1 for men and \$2 for women. Draw your own moral.

Family Thanksgiving parties are usual but holding them in a hall isn't. Might solve a lot of arguments as to whose turn it is to have the family at their house this year—and certainly ought to simplify the "doing the dishes" discontent.

Well, you'll have to admit it's an interesting world, if more than a little confusing at times.

The bookmobile from Stroudsburg was sponsored again for this year. The Portland club will be the guests of the Bangor Woman's Club at their club rooms on Monday, Dec. 10. Those wishing to go are to contact Mrs. Everett Hughes and transportation will be provided.

It was decided that at the December Christmas meeting that, instead of an exchange of gifts as has been the usual custom, the members will bring gifts for children to be distributed among the needy of Portland and vicinity. Mrs. Edgar Dalberg and Mrs. Carl Kramer Sr. were appointed to look after the Christmas remembrances for the club shut-ins and honorary members.

## THE Wyckoff SHOPPER

If your husband suddenly decides to pull up stakes and move to Chicago, blame it on the Formfit Company and the big 17 x 40 foot sign which has been attached to the plant's exterior at 5150 West Roosevelt Road. It seems the company is not one to let its light shine unheeded under a bushel . . . and so a sign has been designed which is really a traffic stopper. It shows two models—17 feet tall—wearing the newest in foundation garments. General Outdoor Advertising Company officials report that this is the only display in the Chicago area, and perhaps the entire United States, which portrays models in what were once regarded as "unmentionables." According to Arthur H. Baum, Formfit's advertising director, the picture will be changed from time to time showing the models in the very newest bra and girdle designs.

In the meantime—watch out Chicago! You'll be stamped with newcomers like Texas when oil was discovered. And if you think traffic has been a problem before, remember that RUBBER necks are the world's most aggravating BOT-TLE necks.

The Christmas season will be appropriately heralded on Saturday, December 8th when our Wyckoff Travel Bureau sponsors a bus trip to Hershey's Sports Area for an afternoon performance of the Shipstads and Johnson Ice Follies. Tickets are limited in number—just 25 to be exact—and may be purchased now from our Wyckoff Gift Wrap center for 7.00, which covers transportation and the reserved seat for the show.

Each year the Ice Follies is so beautiful, one wonders how it could possibly be surpassed . . . yet each succeeding production is superior to the one before. This year there are seven sensational "spectaculars," we understand, as well as the traditional numbers that make up a well rounded entertainment.

Be a good Skate, and buy your tickets early! If you wait too long, they'll just melt away, like ice on a sunny day in early April.

Can't remember when I've enjoyed anything more than the duo piano concert of the Mauney twins, Ernest and Miles, presented by the Community Concert Association at State Teachers College. Dottie Dunn and the other musicians among us couldn't say enough nice things about the brothers' musicianship . . . the manner in which they interpreted their music, the mechanical perfection of their massive Steinway pianos, their "touch," and the complete harmony between the two artists. All of this is undoubtedly true. But I know only that they delighted me as persons . . . they seemed likable, very human, and quietly determined to please. Some of their music brought tears of the most wonderful anguish imaginable to my eyes. It was that exquisite.

The fact that I was in pleasant company delighted me too . . . there were Sherry and Marion Widmer, Mina Warlick, and Mrs. Norman B. Dr. her, who was president of our Monroe County Garden Club when I was a social news reporter on the Record, and was unfailingly kind to me. Mrs. Dreher still reads my column which is one of the nicest tributes ever to come my way. Incidentally, she leaves soon for Florida and a visit with her great friends, the Bernard Fairclaxes, who have become Floridians in recent months. May they all have the best winter ever!

## Chest Hopes To Reach Goal Monday

MARTIN S. BALDWIN, president of Monroe County Community Chest and Council, said yesterday "we hope to be very close to our campaign goal" by next Monday night's report meeting.

The goal in the annual county-wide drive is \$74,757. At this week's meeting of campaign leaders, 83 per cent of the quota had been subscribed.

Baldwin issued a statement yesterday, expressing confidence in the final success of the drive, thanking all persons who had assisted in the solicitation and looking forward to another outstanding year of service by the various Chest agencies.

He prefaced his statement with the remark that "This is your Community Chest—let's finish the job!" He added:

"Just four weeks ago at the Gerry O'Neil Testimonial Kickoff dinner, Rev. Ernest Campbell and Walter Wyckoff gave us the inspiration and desire to get out and get busy for our Community Chest. "Many agreed our total goal of \$74,757 was far beyond our reach, but as our workers felt this amount must be raised in order to meet the needs of our 12 Chest Health and Welfare Agencies they immediately set out to meet this goal."

Systematically "Working systematically under the direction of our Community Chest office, due to the fact that we were unable to get a Campaign Chairman; the county was carefully solicited, and at our last report meeting 83 per cent of our goal had been reached."

"Our next report meeting will be on Monday and at that time we hope to be very close to our goal."

"If you are a worker please get busy and clean up your calls or call backs and report to the Chest office; and if you are one who by some oversight have not been contacted please join with your fellow Monroe Countyans and call the Chest Office, or better still, mail in your check to the office and a card will be made out and a receipt sent to you."

"What success has been accomplished in this campaign can be attributed to a close working schedule between the division chairmen, their workers and the Chest office."

"This year many new workers have joined with some of the veterans of the Chest and this proved to be a healthy situation."

"A few of our divisions are already over the top but to have a real successful campaign all divisions must go over."

Future "In looking to the future of the Chest we can report that for the first time in several years our complete slate is set up for 1957—headed by a very capable young executive—Holt Wyckoff, while the 1957 campaign chairman will be in most capable hands in the person of Clifford Cramer."

"I couldn't possibly close this statement without congratulating the division leaders, all their workers, the agency heads, and especially the help and advice given by Mary Lester, Clair Smith, William Malleson Jr. and last but certainly not least—our most capable and valuable Executive Secretary, Ethel West."

"Let's clean up all the loose ends and for those who feel they can give just a little more, please do, for those who haven't given let's do it now or—Let your conscience be your guide."

"I wish to thank the Monroe Countyans who always seem to come through when a call is made to aid the health and welfare agencies of our wonderful county."

ONE OF FIRST SEALS—This is an enlarged copy of one of the first Christmas Seals ever distributed. It was issued in 1908 by American Red Cross to aid in fight against tuberculosis. ## Doe Hunting May Be Held Next Season

HARRISBURG, Nov. 23 (AP)—Dr. Logan J. Bennett, executive director of the Game Commission, said today that on the basis of the present deer herd Pennsylvania "probably" will have a doe hunting season next year.

He made the statement as hunters throughout the state completed final arrangements for the start of this year's big game season. The one-week deer season opens Monday and the regular antlered deer hunt begins Dec. 3, ending Dec. 15. For the second time in three years there is no legal hunting of doe this fall.

Statement "We will probably have a doe season next year, depending upon the severity of the winter and the success of the breeding season," Bennett commented.

"Based upon the number of deer in the herd right now I would fully suspect that we will have an antlerless season in 1957," he added.

Small game hunting for grouse, quail, turkey, pheasant, squirrel and rabbit ends Nov. 24. Actual reports from the field on the success of hunters are not received by the commission for two to three weeks following the end of the season.

However, based on preliminary reports, Bennett gave this summary: Squirrel—very heavy as anticipated Pheasant—fair to good although under last year because of the lateness of the corn harvest; rabbit—"by and large" a good population and kill; grouse—population spotty due to wet nesting season; and turkey—population lower, kill good and heavy in some areas.

PRO AND CON has been battered back and forth on one of the key plays that enabled Stroudsburg High to gain a 6-6 tie with East Stroudsburg at the Cavaliers' Memorial Stadium Thanksgiving morning.

Most of the controversy centers around the call of an official who stepped off 15 yards in the waning moments of the game, giving the Mountaineers the ball on the Eastburg two-yard line and a goal-to-go situation for Stroudsburg. The rest is history as Ron (Super) Phillips crashed off tackle for the tying TD.

According to Referee Al Misero, the interpretation of the play which cost the Cavaliers 15 precious yards was, "that and East Stroudsburg back held a Stroudsburg player." This infraction is called defensive holding and ends up with a 15-yard pace off against the guilty team. Thus, the moving of the ball to the two.

What fans didn't quite understand is that when the play started, Stroudsburg quarterback Bill Schoonover apparently went back to pass and Mountaineer ends and backs went downfield as "intended pass receivers." However, Schoonover was harassed by on-charging Cavalier linemen and had to take flight in order to escape a tremendous loss of yardage.

This he did, actually going three yards beyond the line of scrimmage (21) to the 18.

By finally running with the ball, Schoonover ended any possibility of the boys who went downfield as "pass receivers," thereby throwing out a ruling on interference or any other infraction pertaining to passing. Schoonover was not a passer unless he unleashed an aerial. Until he actually passed (which he didn't of course) he was a runner.

The official's call was stated merely as defensive holding — a play blown down many times before and will be many times later.

The sad part is that it came at inopportune time for the Cavaliers—less than two minutes to go in the game. On the other hand, it was a most welcomed call for the Mountaineers who saw near defeat turned into 6-6 stalemate.

Facing the facts that came up in the game, East Stroudsburg took a chance on a heavy wind to help them eat up yardage. At the start of the game, Eastburg elected to defend the goal with the wind at its back and the ultimate result was that Stroudsburg was deep into its own territory all but a few plays of the first 24 minutes.

In the second half, Stroudsburg chose to receive, and Eastburg, via second choice, picked the end of the field with bristling, whistling breezes. And again the "man-in-motion" above helped out as he lashed behind a good Don Miller boot to again keep the Mountaineers on the defensive.

Some will say that Stroudsburg had the wind at its back in the second and fourth periods. True, but the impact of Miller's toe and Mr. Near-Gale had already taken its toll in the first and third.

Play-by-play of the game shows Stroudsburg getting to the Eastburg 46 in the first period — just before a 54-yard Miller boot sent them back to within the shadows of their own goal posts; failing to get into Cavalier territory in the second (when they had the wind at their backs); still in the eyes of own goal when a 71-yard Miller punt kept them on the defense in the third (Eastburg scored shortly after Don's lone long kick); got into Cavalier area in the fourth period, for the second and last time when Miller failed to get away a boot from his 34.

While, from our vantage point, the wind was the No. 1 key to the success of Jack Kist's eleven, you can't take a thing away from his proteges. They played fine inspired football. The ofttime nine-man line of the Cavaliers stopped the Mountaineer runners all day, jamming the guards and tackles so much that at times it looked like Times Square on a New Year's Eve.

And the Eastburg backs, in racking up their almost two-to-one total in net yardage, hit the Mountaineers at the points where it was expected the John Whitehead's eleven was the strongest-tackle to tackle.

From the standpoint of the final score, it couldn't be ended better, but from the analysis of one game, dame fortune smiled her best at Stroudsburg.

NEW YORK, Nov. 23 (AP)—Gaspar Ortega, a 4 to 1 underdog from Mexico, Mexico, fenced in Tony DeMarco in the early rounds and matched the ex-welter, champ punch for punch down the stretch to win a surprise split decision in a 10-round match tonight at Madison Square Garden. DeMarco weighed 145½, Ortega 147½.

Ortega's corner crew staged a wild celebration that usually goes with a title victory after ring announcer Johnny Addie announced he had upset the chunky Boston slugger.

### Officials Vote

Referee Al Bert voted 6-3-1 for Ortega, Judge Jack Gordon 5-4-1 for Ortega but Judge Frank Forbes scored it in favor of DeMarco 6-4. The AP card had it for Ortega 5-4-1. Forbes' vote was booed by many.

# Barring Of Hammer-Thrower Clouds U. S. Olympic Camp

## Yanks Hope To Down Troubles In Cascade Of Gold Medals

MELBOURNE, Nov. 23 (AP)—Suspension of hammer thrower Cliff Blair in a case reminiscent of the Eleanor Holm incident of 1936 threw a cloud over the United States forces in the Olympic Games but the Yanks hoped to down their troubles in a cascade of gold medals Saturday.

Led by Charley Dumas, 19, a lanky Los Angeles collegian, who set a new Olympic high jump mark, Uncle Sam's athletes already have captured three Gold Medals and were given a good chance to capture four more medals in track and field—the 400-meter hurdles, 100-meter dash, broad jump and hammer throw—and could grab a third weightlifting crown where middleweight Pete George of Akron, Ohio, ranks as world king.

**Get 2 Medals**  
Two Americans, Charley Vinel of York, Pa., and Isaac Berger of Brooklyn, won Gold Medals by breaking world and Olympic records in the weightlifting competition. Vinel, 23, a shipping clerk, captured the bantamweight title by lifting a total of 752 1-3 pounds. Berger, who was born in Israel and became a U.S. citizen less than a year ago, won the featherweight title with a lift of 776 6 pounds.

Despite the three Gold Medals, the United States placed no higher than fourth in the unofficial point standings, trailing Russia, Germany and Sweden. The point totals include all events completed through Friday, together with the six equestrian events decided at Stockholm last July.

**SUB Melbourne olympics nil.**  
for 5th grad. Russia, with xxx 34, Russia, with one Gold Medal, led with 43 points. Germany, unofficial winner of the equestrian competition last summer, was second with 42 1/2 followed by Sweden with 28 and the U.S. with 25. Except for a surprise defeat by the Yale crew in the eight-oared competition at Ballarat, the suspension of the hammer thrower and the barring of two boxers because of overweight, things ran true to form for the strong American team.

Dumas won a dramatic duel with an unheralded Australian with a leap of six feet 11 1/2 inches—one inch short of his own world record of seven feet, one-half inch, and three inches better than the Olympic mark set by an American, Walter Davis at Helsinki in 1952.

Olympic records were bettered in two other final events, Russia's Vladimir Kouts, running away from the field in the last four laps, won the 10,000 meter run (a little better than six miles) in 28 minutes 45.6 seconds, easily defeating Gordon Pirie of Great Britain, who matched strides with him until the final four laps.

Czechoslovakia's Olga Filkova shattered the women's discus record with a toss of 176 feet, 11 1/2 inches in a startling upset of Russia's Nina Ponomareva—the girl shoplifter of London motility; Earlene Brown of Los Angeles was a surprising fourth.

**All Qualify**  
The United States qualified all of its entries in the 100-meter dash, 400-meter hurdles and 800-meter run—with expected ease. Bobby Morrow of Abilene Christian College and Ira Murchison of Chicago equalled the Olympic record of 10.3 seconds in the 100.

## 3 Loop Races Up For Grab In Grid Tilts

By THE ASSOCIATED PRESS

THREE conference races and at least one bowl position will be settled Saturday in traditional close-out football games while national pacesetters Oklahoma and Tennessee reach semifinal tests in their bids for perfect seasons.

Clemson and Duke are in two spotlight games with the Atlantic Coast Conference championship and an Orange Bowl bid hanging in the balance.

Clemson (3-0-1 in the ACC) meets Virginia, and Duke (3-1) at North Carolina.

Favored Yale needs to get by Harvard in their 73rd classic to be assured of the first official Ivy League crown.

Though Iowa already has at least a share of the coveted Big Ten championship and a Rose Bowl trip assured, Ohio State can salvage a title deadlock by whipping Michigan.

Oklahoma isn't worried about extending its winning streak to 39 games against Nebraska.

**Vols Expect Trouble**  
Tennessee, No. 2 in the latest Associated Press poll, expects much tougher sledding against the pesky Kentucky Wildcats.

Right behind Tennessee in the Southeastern Conference are Georgia Tech and Florida who meet with identical 5-1 conference marks.

Lake the SEC, the Southwest Conference has another action-packed week after this one but Texas Christian hopes to move closer to a Cotton Bowl berth by defeating Rice today.

A cross-town rivalry spiced by the desire of two penalty-ridden teams to prove their continued grid superiority is the national television fare with UCLA and Southern California in starring roles.

Notre Dame would like to bolster its sagging prestige in the midst of its worst season on record by upsetting Iowa.

Other games on the schedule include Penn State at Pittsburgh, Columbia at Rutgers, Iowa State at Villanova, Brandeis at Boston College, Kansas State at Michigan State, Illinois at Northwestern, Minnesota at Wisconsin, Indiana at Purdue, Wichita at Tulsa, Mississippi Southern at Alabama, Florida State at Auburn, Arkansas at LSU, Baylor at SMU, Houston at Texas Tech, Air Force Academy at Brigham Young and Washington at Washington State.

America started off in defense of its basketball crown by defeating Japan 98-80.

The U.S. pulled one of the biggest surprises of the day when George Lambert of Sioux City, Iowa, and Jack Daniels of Missoula, Mont., finished one-two in the riding event of the modern pentathlon, The U.S.

LUPIN SWINGS FOR 32 YARDS—Frank Lupin, East Stroudsburg co-captain and halfback, races down sidelines for 32 yards after taking handoff from Roger Ray on punt return. Lupin duplicated the feat in the final second, racing 34 yards with punt after fake to Ray, only to be brought down again by a tackle deep in Mountaineer territory. (Staff Photo by MacLeod)

## Lane Favors Pitting NL Against AL

ST. LOUIS, Nov. 23 (AP)—General Manager Frank Lane of the St. Louis Cardinals said today he is in favor of a plan for scheduling games between National and American League teams.

**Will Support**  
Lane said he would support such a plan at the major league meetings next month in Chicago.

"The idea would provide variety in the menu for baseball fans," Lane said, "and on that basis it merits serious consideration at the joint meeting."

**Only 2 Cities**  
Lane noted that only Chicago and New York are two-team cities, and that "there is a great fan desire in other major league towns to see the stars of the opposite league in action."

Currently, Syracuse leads in the race for the Lambert Trophy, but the Panthers already have beaten Syracuse 14-7 and a victory over Penn State, which lost 13-9 to the Orange, would put them in a solid position to repeat as Eastern champions.

Pitt is a one-touchdown favorite to cap this 56th renewal of a traditional rivalry dating to 1893. The series stands 31-22 in the Panthers' favor with two scoreless ties. A crowd of some 50,000 is expected at Pitt Stadium.

Both teams have a 6-2 record, but Pitt has the better showing against common opposition.

**Move Into Finals Of Piggy Bank**  
VALLEY STREAM, N. Y., Nov. 23 (AP)—Midget football teams from Chattanooga, Tenn., and Reseda, Calif., today moved through the semifinals of the Piggy Bank Bowl and into tomorrow's final.

Chattanooga, although held to a scoreless tie by Ft. Lauderdale, Fla., was given the victory as the result of a 5-2 edge in first downs. In the nightcap, Reseda rolled over host Valley Stream, 18-6.

## Battle Between Lines, QBs To Feature Pitt-Penn State

PITTSBURGH, Nov. 23 (AP)—It'll be a battle between two rugged lines and a couple top-notch quarterbacks when Pitt and Penn State both bowl-minded, meet here tomorrow in a game that could decide the Eastern football championship.

Both lines are big, powerful and mobile. Corny Salvaterra, Pitt's No. 1 signal caller, and the Nittany Lions' Milt Plum are key men in their teams' split-T offenses.

**Better Passer**  
Plum is rated the better passer and ball handler, but Salvaterra is given the edge as a runner.

Pitt will be seeking an impressive victory in an effort to retain the Lambert Trophy, symbolic of Eastern football supremacy, and enhance its chances for a bowl bid. A Penn State win could elevate the Nittany Lions to the status of a bowl contender.

**Syracuse Leads**  
Currently, Syracuse leads in the race for the Lambert Trophy, but the Panthers already have beaten Syracuse 14-7 and a victory over Penn State, which lost 13-9 to the Orange, would put them in a solid position to repeat as Eastern champions.

Pitt is a one-touchdown favorite to cap this 56th renewal of a traditional rivalry dating to 1893. The series stands 31-22 in the Panthers' favor with two scoreless ties. A crowd of some 50,000 is expected at Pitt Stadium.

Both teams have a 6-2 record, but Pitt has the better showing against common opposition.

**Move Into Finals Of Piggy Bank**

## Floyd's Hand Is Okayed By Illinois Unit

CHICAGO, Nov. 23 (AP)—Youthful Floyd Patterson's once-fractured right hand has mended satisfactorily for his heavyweight title bout with Archie Moore a week from tonight, the Illinois State Athletic Commission today agreed.

Two commission doctors scrutinized Patterson and Moore and found them in excellent physical condition for their 15-round showdown for Rocky Marciano's vacated crown at the Chicago Stadium. The 21-year-old Patterson and the 39-year-old Moore avoided looking at each other all during their appearance at the commission office.

**No Abnormality**  
Patterson's right hand which he broke in his last start against Hurricane Jackson June 8 in New York showed "no abnormality."

Following the examination, the commission conducted a customary pre-fight briefing of the fighters and their handlers and it set some sort of a record for lack of arguments.

**Shoutout Reporters**  
The reason might have been because Chairman Frank Gilmer shut out reporters for about 20 minutes.

**Davies To Aid Davies**

Dick, a six-foot army veteran, formerly starred for John Harris High School, Harrisburg, Pa., a member of the Central Pennsylvania Conference.

Official announcement of the selection of Texas Western as the host team is expected Saturday night after the Miners complete their football season against Trinity (Tex.) University.

Kollner said today he had talked with officials at George Washington and they had accepted the invitation.

Dartmouth halfback Lou Rovero gained 20 yards in five carries as a sophomore but in 1955 he led the Big Green in ground gaining with

## Increase In Wayne County Investments

HARRISBURG, Nov. 23—Workers in manufacturing and quarrying establishments in Wayne County received \$6.7 million in salaries and wages last year, Genevieve Blatt, Secretary of Internal Affairs, announced yesterday. Miss Blatt's announcement was based on the production reports submitted by 74 establishments in the county to the Bureau of Statistics in the Department of Internal Affairs in Harrisburg.

The 1,432 male workers received \$4.1 million last year, and the 1,374 females employed received \$2.6 million. In 1954, 2,613 persons had received \$6.2 million. The textile industry employed approximately 42 per cent of the Wayne County labor force and paid almost \$3 million in wages and salaries.

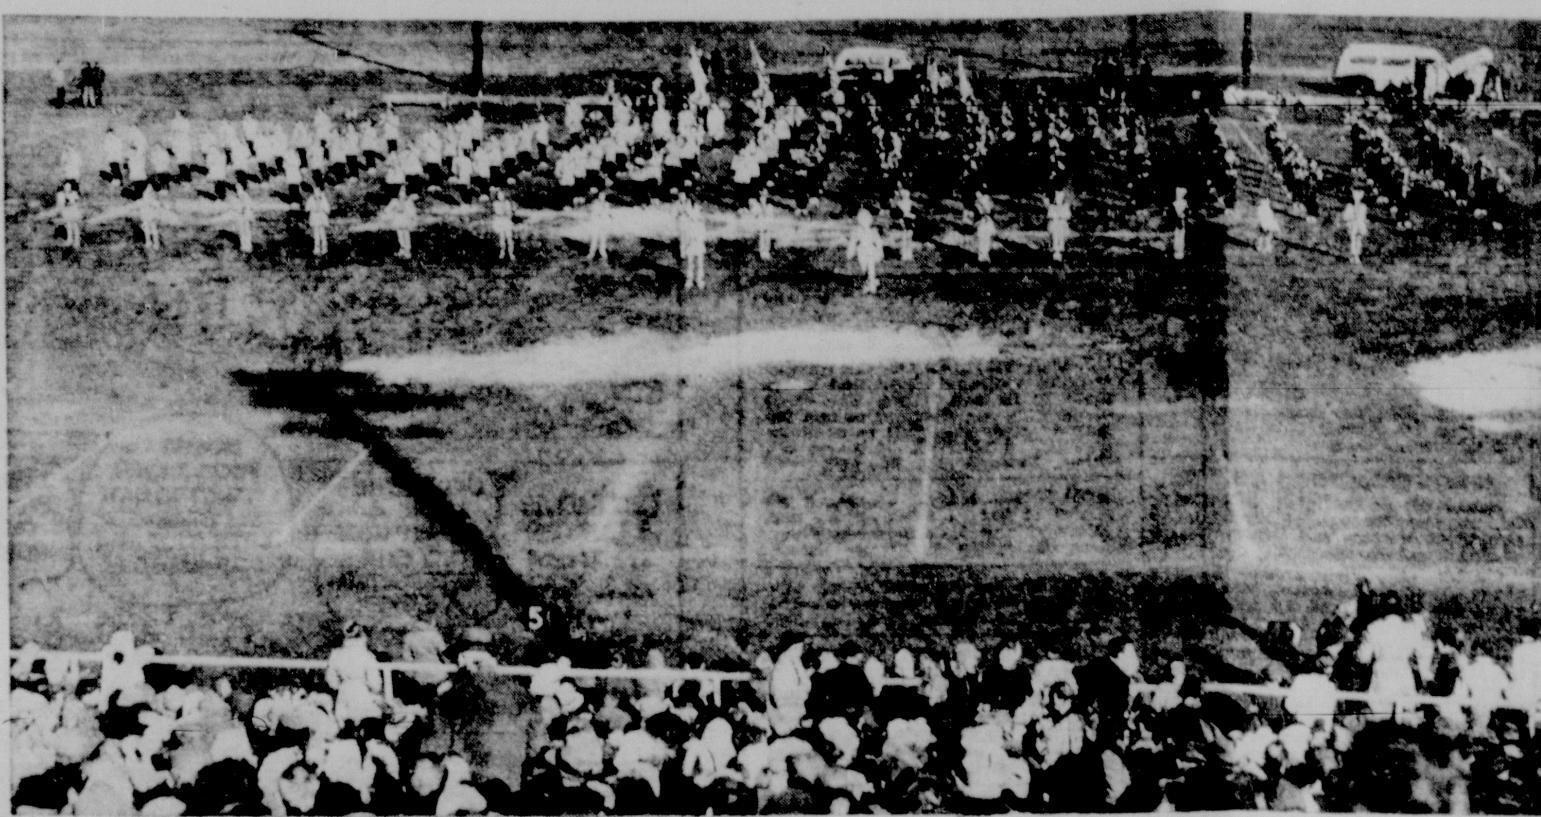

An eight per cent increase in capital invested was reported. The \$4.3 million industrial investment at the end of 1955 also established a five-year record.

Wayne County products were valued at \$25.5 million in 1955. In the previous year the value of production had been \$24.9 million. Of the total value placed on production, \$12.7 million, or 54 per cent was value added in establishments in the county. Almost 50 per cent of production in 1955 was from the textile industry.

**Honesdale**  
Approximately 71 per cent of the labor force in the reporting establishments in Wayne County worked in Honesdale. There were 2,031 employees in the borough and they received \$5 million in wages and salaries. This represents three-fourths of the wages and salaries received by employees in the reporting establishments in the county during 1955.

The 26 establishments in Honesdale that reported to the Bureau of Statistics, had payrolls of \$3.1 million for the 1,022 male workers and \$1.9 million for the 1,009 women employees. These workers produced goods valued at \$19.6 million.

Approximately 51 per cent of the total value placed on production \$10.3 million, was added by industrial activity in Honesdale. Capital investment was reported to be \$10.3 million at the end of 1955.

## Employment Level Down In Pike

HARRISBURG, Nov. 23 — Employment levels and salary and wage payments in the manufacturing establishments in Pike County in 1955 were below the levels of 1954, Genevieve Blatt, Secretary of Internal Affairs, announced yesterday. The decreases occurred in a number of industrial product groups including the food, metal, and paper industries.

The review of Pike County manufacturing activity was based on the production reports which manufacturing establishments in the state submit annually to the Bureau of Statistics in the Department of Internal Affairs in Harrisburg. Last year reports were received from 17 establishments in Pike County.

In 1955, there were 145 persons employed who received \$287 thousand in salaries and wages. The 77 males received \$224 thousand and the 68 females received \$63 thousand.

**Rolls**  
In 1954, employment rolls had included 194 persons and wage and salary payments had been \$357 thousand.

The capital invested in Pike County manufacturing establishments at the close of 1955 was reported to be \$397 thousand.

A value of \$384 thousand was placed on the goods produced in Pike County — in previous year production had been valued at \$1.1 million. The manufacturing activities in Pike County establishments created \$443 thousand, or almost 50 per cent of the total value attributed to production.

## Plans Listed For Concert

**BANGOR** — Plans for sponsoring a concert in the early spring were discussed when the men's Community Class of the First United Evangelical Church convened at the church Tuesday. Engagement of the Pocono Community Chorus is planned.

## Russia's Proposal Must Be Judged Against Past Form

RUSSIA'S PROPOSAL that the world's military forces retire to their own countries must be judged against her repeated reversals of form when her hand is called, but one of her points cannot be dismissed without serious consideration.

That is her inclusion of East Germany in the territory from which she says she will withdraw if the Western Powers will abandon the advance bases they now maintain on foreign soil.

Ambassador Lodge, replying to Foreign Minister Shepilov's offer before the U. N. General Assembly, addressed himself primarily to Russian acceptance of the principle of aerial inspection for a 500-mile area on each side of the East-West demarcation line in Europe.

But that was not the most important point of the Shepilov offer. Indeed, it means little, since it would give Russia the right of reconnaissance over important areas of Western Europe, including part of France, while excluding Russian territory.

Withdrawal of Russian troops from East Germany would, on the other hand, almost surely mean a settlement of the German problem which is fundamental to any lasting peace in Europe.

**All Clear**  
It is all too clear, since the East German riots, that Russia holds East Germany only by force, just as she holds Hungary only by force.

Free of that force, East Germany and West Germany would take a position satisfactory to the West, and one which should not be unsatisfactory to Russia so long as the Germans comply with the Western European Union treaty which controls the size of their military establishment.

The Western Powers would be just as interested as Russia in seeing to that.

A settlement of the German problem would eliminate the primary need for many American and other foreign bases to the immediate West of the Soviet bloc.

And a Russian military withdrawal from Poland, Romania and Hungary would almost certainly produce autonomy for those countries while accomplishing one of the prime objectives of 10 years of Allied policy.

It is impossible, however, to consider the European problem separately from others in the Middle East and Far East which result from Russian expansionism.

The United States would be untrue to her Western Allies if she

**THE WOMEN** of the Fire Auxiliary held their "birthday party" at the home of Mrs. Nelson Lightner Sr. with ten members enjoying the game hour at the close of the business session. Scramble games and canasta were played. Mrs. Lightner and Mrs. Russell Shellenberger served ice cream and birthday cake in honor of Mrs. Lightner's birthday which fell on Tuesday.

At the business session, presided over by Mrs. George Hauser, the report of the November game party was so gratifying, as given by Mrs. Herbert Baker, Mrs. Lightner and Mrs. Robert Clarkson, that the women enthusiastically planned for another party to be held the night of Dec. 6 in the fire hall.

Mrs. Willard Jennings will be chairman, assisted by Mrs. Lewis Ace and Mrs. Baker. Plans were also made for an Auxiliary card party the night of Friday, Nov. 30 at the fire hall when each member will arrange her own table of players and fifty cent donations will be received from each player. High score table prizes and a door prize will be given and refreshments served.

Much time was given to planning the roast pork dinner to be given Saturday night, Jan. 5 with Mrs. Herbert Baker in charge. Tickets will be sold for 5 p.m. or for 7 p.m. table settings.

The December meeting of the auxiliary Dec. 17 will be a Christmas party with exchange of gifts of fifty cent value. Mrs. Hauser appointed a nominating party of Mrs. Willard Kitchen, Mrs. Peter Rockefeller and Mrs. Russell Shellenberger to report to the December meeting.

Mrs. Layton Zimmerman of Minisink Hills and Mrs. Cornelius Leondes, now visiting in Water Gap, made a business trip to Endicott, N. Y. Tuesday.

## Monroe County Sets Pace In Bond Sales

**MONROE COUNTY** had reached 91.3 percent of its \$1,077,000 U. S. savings bond quota by Oct. 31st. It was announced last night by Ernest H. Wyckoff, county bond chairman.

Pointing out that Monroe residents bought \$983,965 in E and H bonds from January through October, Wyckoff noted that the county led all others in Pennsylvania in nearing its annual quota.

Nearby Pike County was close behind, having reached 91.0 percent of its \$1,410,000 quota. By Oct. 31st, cumulative sales hit \$128,435 there.

### Breakdown

Here is a breakdown of January-October bond sales in other neighboring counties: Carbon, \$1,388,803, or 76.0 percent of its \$1,827,000 quota; Lackawanna, \$8,624,546, or 82.9 percent of its \$10,398,000 quota; Northampton, \$10,055,322, or 73.1 percent of its \$13,740,000 quota; and Wayne, \$713,351, or 80.1 percent of its \$890,000 quota.

Statewide, \$362,299,653, or 77.3 percent of Pennsylvania's \$468,400,000 savings bond quota was reached by Oct. 31st, figures showed.

While this figure is five percent under 1955's record in the state, it is the second largest amount of savings bonds purchased in a 10 month period for any year since World War II.

"The complete safety of U. S. savings bonds, plus the fact that they can be instantly converted into cash, make them attractive in any type of financial market," commented Charles S. Krumrine, chairman of Pennsylvania's savings bond committee.
